

25 June 2021

Dear Resident family members

Our number one priority is the safety and well-being of our residents and staff.

In addition to the current two (2) visitor per resident, per day restriction there is now a stay-at-home order for residents of, or people whose usual place of work is in, the Local Government Areas of City of Sydney, Woollahra, Waverley, and Randwick. In line with this order, anyone who lives or works in these LGAs must not visit any of our residential aged care homes.

Video calls are available to assist in keeping in touch with your loved one. Please contact the home to arrange this.

Masks are still required to be worn indoors and outdoors, and a **surgical** mask is required when entering a residential aged care home. Ensure you continue to practice hand hygiene and please check the areas of concern list before attending a home.

If and when we receive any further advice from NSW Health we will be sure keep you updated.

Stay safe, we will get through this together.

Yours truly

A handwritten signature in black ink that reads "Graeme R. Prior".
