

2 January 2022

Dear Georges Estate resident family members

Our number one priority is the safety and well-being of our residents and staff.

We have been advised today by the Local Health District Public Health Unit (PHU) that Georges Estate is now in lockdown based on positive results from Rapid Antigen Testing. We are waiting on further PCR results, which have been delayed. Additional PCR testing will be done on residents and staff today.

We are confident that our Outbreak Management Plan is effective and our staff remain prepared. We will work closely with the PHU. Staff and residents are calm and we have continuity of care with our staff. All staff will be wearing PPE.

Video or telephone calls are possible to check on your loved ones, please do not hesitate to contact the Home to arrange this.

As always please do not hesitate to contact the Home should you have any concerns on 9069 7300.

During this busy time please can you ensure all family members are aware of this situation by forwarding this message onto them.

We are all in this together against COVID-19.

Yours truly
